The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 2, 4, 8, 9, and 11, are rejected under 35 U.S.C. 102(b) as being anticipated by Shi et al (U.S. Patent 5,693,956).

The rejection is maintained as stated in the Office Action mailed 09-21-04, and as stated below.

Applicant argues that Shi et al does not teach performing a surface treatment on the surface of the passivation layer. However, Shi et al discloses performing a sputtering process to perform a surface treatment on the surface of the passivation layer, as disclosed in Column 3, lines 17-23.

Claims 3, 5-7, 10, and 12-14, are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

Art Unit: 2823

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
